R	95 grams	.600	.355 Tapered	Discrete lengths, constant weight
S	100 grams	.600	.355 Tapered	Discrete lengths, constant weight

KBS Tour Trimming Instructions:

KB Tour shafts are supplied in discrete lengths for each iron in a set (#1 iron through the wedges.) The tip diameter is tapered and should not be trimmed. The butt should be trimmed for final length adjustment after the head is assembled.
